Is Back

Rotary Youth Leadership Award Program is designed to help improve and create leadership skills for juniors and seniors. Each student spends 3 days at the CSI campus sponsored by the clubs. A total of 80 students attend.

Take a look at this inspiring presentation that District Governor Ken Howell gave to the 2015 RYLA Campers (12:00 min) Each year the DG gives an inspirational message to the young adults.

Rotary Roster - Update

The Rotary Roster for 2021-2022 is near completion. Most of the club member information is almost complete. The nice thing about the roster is that it can be updated quickly and often as needed and you'll be able to stay current with club information. Click on the link to download copy as of 4-22-22. Insertion of pictures will happen when all photos are submitted.

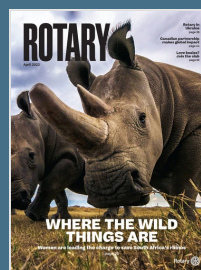

It's been a couple of years since we've had a club roster because of the high cost of publication, but now we have discovered a way for you to have a digital copy (PDF) and members can print out their own version. Just added additional club and committee information in the back pages.

Newest Member

New Member, Bonny Scott and re-inducted member Jan Rogers (left) spoke briefly to the club about their personal information. The one thing was established, that the two along with relatively new Member Phil Nauert all are from Texas.

This month's Rotary Magazine is out. You should have it in your mail but you can read this issue online now.

Bring Emerging Leaders Into Your Club

New leaders are always emerging. They live in your community. They are eager to contribute. Younger professionals could make great Rotary members, but to bring them into our clubs, we first have to understand them. This is essential for Rotary.

Few organizations span generations and professions and build personal connections the way that Rotary does. We blend tradition with innovation and use trust and respect to close the generation gap. [Learn More](#)

Deneice and I have always been big dog people. After our last Rottweiler passed from cancer we decided no more dogs. That lasted until she came across Shasta (the bigger of the two) needing a home. Somehow Deneice can't stand an animal in a bad situation if she can do something about it. So we acquired Shasta and gave her a good home. Then Randy came along when she was at a house of a lady that did ironing for us. Randy was this tiny little guy who quite clearly was in a home where the owner didn't care about him so Deneice being Deneice offered her an offer she couldn't refuse and I came home from work one day and this little tiny guy was in the back yard of his new home. Deneice made it clear any resistance to Randy would not be tolerated and we had another little dog. The best thing that ever happened to us.

Our son and his wife got the bigger of the other two as a Christmas present for our Granddaughter when she was quite young. The smaller of the other two came along to their family when our grandson (the older brother of the granddaughter) was dating a girl that owned him. Again, I think she liked him better when he was little and cute so as he grew and her life changed she gave him to our grandson who took him home. Their schedule is such the two little guys spent quite a bit of time alone so Deneice picks them up and we babysit. This means they have two good homes.
